

Medication Administration Hybrid Training

(5 hours total)

Face-to-Face session 10/21/15 6-9PM
at Family Center of Washington County

**Online Modules Must Be Completed Prior To the
Face-to-Face Session!**

The first **part (A)** is taken on line, and includes 5 parts. The links to the 5 online modules can be found at <http://northernlightscdc.org/training/state-wide-curricula/medication-administration-module/>. There is a quiz to complete at the end of each part, **YOU WILL NEED TO PRINT THE SCORE FOR YOUR QUIZ for each module, in order to bring that to the face to face session – part B.**

The second **part (B)** is completed in a face to face, group training. Individuals must bring the completed quizzes from part A, to attend the second face to face part B. *Training hours can only be verified when the participant successfully completes both parts A and B.*

Part A -Module 1: Background

This module provides an overview of why medications are given in childcare settings as well as the types of medications that might be given.

Part A- Module 2: Preparation and Documentation

This module reviews the process of receiving medications, forms that need to accompany medications, permission forms that need to be signed, and how to store medications. This module also looks at how to document medications after they have been given.

Part A- Module 3 (in 3 parts, 1 hour total)

- Part 1: 5 Rights
- Part 2: Administration of oral medications, topical, eye drops, ear drops, nose drops
- Part 3: Emergency medications: inhalers and auto injectors

Part B: *Vermont Medication Administration Practice and Skills Module* (Face to Face):

- Medication Administration Skills and Practice
- Asthma and Allergy participant scenarios
- First Aid for Asthma
- Asthma Checklist

**CDA Areas: #1 & 5; Core Knowledge Areas: Healthy and Safe Environments,
Professionalism and Program Organization**
