

## Experience Trees through the Seasons *Project Learning Tree*

with Rebecca Roy, Conservation Education Coordinator with the Vermont Department of  
Forests, Parks and Recreation

*New location!*

**Wednesday, September 28<sup>th</sup>, 2016 6:00pm - 8:00pm (2 hrs)**

*New location!*

At Vermont Fish and Wildlife, 190 Junction Road, Montpelier at the  
Agency of Natural Resources Annex Building

Investigate some signs of fall and learn some fun seasonal outdoor environmental education activities. Explore strategies for engaging in fun, safe, seasonal outdoor activities directly applicable to the space you have available at your center or home. Learn more about exploring the changes in nature happening between summer and winter through a sample of hands-on activities from Project Learning Tree. Receive the Project Learning Tree Early Childhood environmental education activity guide with almost 100 activities and an accompanying audio CD you can use with children right away. Please dress for the outdoors and be ready to have fun!

Learning objectives:

1. Participants will demonstrate understanding of strategies for teaching children outdoors.
2. Participants will create enhancements to their current curriculum using Project Learning Tree materials.

**CDA Areas: 1 & 2; Core Knowledge Areas: Teaching and Learning**
