

Nurturing Healthy Sexual Development

Sponsored by Prevent Child Abuse Vermont

Tuesday, September 13th 6:30 pm - 8:30 pm (2 hrs)

Central Vermont Medical Center - Conference Room #1

NHSD is an introductory workshop on child sexual abuse prevention. It covers a wide range of topics, and is appropriate for a wide range of audiences, including early childhood educators, child care providers, parents, teachers, health care providers, Vermont Department for Children and Families staff, etc. This is an engaging, discussion-based and interactive 2-3 hour training.

Topics include:

- normal sexual development in children
- the range of sexual behaviors from normal to very concerning
- facts and myths about abuse
- signs of sexual abuse
- answering children's questions

Advanced Specialized Care
