

The Strengthening Families Approach

Sponsored by Prevent Child Abuse Vermont

Tuesday, October 18th, 6:30pm - 8:30pm (2 hrs)

Conference Room #1 at Central Vermont Medical Center

This 2-hour workshop is designed for Early Care and Education Providers to develop strategies and practical application using the Five Protective Factors of the Strengthening Families Approach to prevent child abuse. Through discussion and activities, participants will explore ways to demonstrate leadership and modeling for parents that will build parental resilience, provide social connections, offer concrete support in times of need and increase knowledge of parenting and child development. Participants will also discuss approaches that augment the social and emotional competence of children in the context of sexual abuse prevention.

Advanced Specialized Care

CDA Areas: #1 & 4; Core Knowledge Areas: Families and Communities
