The Vermont FaMLI Coalition will launch their campaign to establish a statewide family and medical leave insurance program in Vermont on Wednesday, October 19th from 10:00 am - 10:30 am at the Family Center of Washington County in Montpelier. This program would allow Vermonters to have access to paid, job-protected leave to take time to bond with or care for a newborn, recover from a serious long-term illness or injury, or care for a family member with a serious long-term illness or injury.

Speakers include:

Cary Brown, Vermont Commission on Women

Former Governor Madeleine Kunin

Sascha Mayer, Owner of Mamava

Claire Kendall, Co-Executive Director of the Family Center

Tara Hodgkins, Mother and Caregiver

Without job-protected, paid time off, parents face an impossible choice between their family's health and their income. When parents have the opportunity to care for and bond with a newborn, they are giving their children the best start, which will help Vermont's future generations thrive.
